I would love to ensure there is a synergy with CD14. I didn't see an attachment.

I appreciate their ability to move forward quickly, but let's try to keep our overall goals in line. That would be my primary request.

Thanks and talk soon.

Happy New Year ladies!

Cocktails are well past due.

Quick question...

The VP of the PAB has been working on Bylaw revisions with Louise and has asked for a vote on them next week. Please see the chain below.

Am I nuts for caring about this process?

There is not enough time less than a week to compare and contrast to ensure we aren't throwing out things from the original Bylaws that matter. You offered significant billet changes a month ago - confused why we can't have that. Promise I'm not trying to cause problems, but Bylaws are very important and since we haven't all been involved in this version, there needs to be some context, especially since the originals were guided by the Department of Rec and Parks.

Hi Amy and team,

The new bylaws are completely reformatted. Please read through as there are no bullet point or redlines to share.

Did I miss the bullets outlining the revisions made to the Bylaws?
 Could you please send them to all of us?

Thank you,
